# LENAS LOOK

**"IN ADDITION TO THE REQUIREMENTS  
OF DESIGN AND STYLE, FEELING GOOD  
IS ALSO VERY IMPORTANT."**

Lena Terlutter

She reaches almost half a million followers every day with her posts. Lena Terlutter is a fashion entrepreneur, high-end blogger and mother of three - and has created for herself a home in her Cologne dream house, where timeless elegance and a touch of glamour are an invitation to dreams and enjoyment. The style expert tells us what is important to her when furnishing, and gives us an insight into her dining area.

**What does fun in furnishing mean to you?**

Fun in furnishing also means allowing changes, trying out new things and experimenting. Even when you have found your own style, it's fun to play within this range. Inviting friends and family, and making your home a place where you and others feel comfortable is also enjoyable!

**What is the biggest challenge in furnishing for you?**

Turning a house into a home. I am very interested in interior design, furniture, trends and everything that has to do with home decor. Apart from my job in the fashion industry, this is my greatest passion. I furnish the stores, offices and apartments we rent out. In addition to the requirements of design and style, feeling good is also very important. Personal items, books, decorative objects that mean something to people and create a cosy atmosphere for those who live in the apartment are all essential factors.

**Do you cook or does your husband?**

My husband! But now we have a new open-plan kitchen, cooking has become much more fun - so it can happen that I cook more often than before.

**What's your perfect table decoration?**

I love opulently set tables with large bouquets of flowers. This immediately looks inviting and fresh.

**Is there a culinary speciality in the Terlutter household?**

My husband sometimes cooks a few Albanian dishes, which he learned from his mother and taste delicious. I love Mediterranean cuisine and above all Italian cooking - one of my favourite dishes is a colourful tomato salad with burrata cheese.

**And what's your favourite aperitif?**

Bellini and champagne.

**Can you reveal to us the KARE article  
which is your favourite at the moment?**

It's a tough decision, but right now I'm crazy about the BELL range of tableware. Its clean, white design with gold highlights is highly decorative and a real eye-catcher on the table. All our guests who have eaten from it so far have immediately gone out and ordered it for themselves!

**Console table GOLD RUSH**, impresses with design sophistication and an elegant, slightly eccentric touch, 76 x 160 x 45 cm | 82131 | **New Bench PIGALLE**, a piece of furniture reminiscent of a grand hotel, which boosts the cosiness and the style level simply by being present in the room, 42 x 100 x 38 cm | 84005 | **New Deco box FLAMINGO**, bathroom, kitchen, hallway or windowsill - the porcelain box is ideal for chic decorative arrangements, 29 x 18 x 18 cm | 61762, 4 | **Plate BELL**, enhances any meal with gold-coloured edges and a slightly uneven shape, Ø 31 cm | 60500 |

A little luxury was also required for the spa hotel, so we decorated with gold-coloured accessories!"
